

KHAN ACADEMY OVERVIEW

Circular No: CIR/2021/009

12th July 2020

Classes: I-III

Dear parents,

Assalamualaikum WRB!

KHAN ACADEMY

For effective learning, at Sana we are adopting the Blended learning Approach- An approach to learning that combines Live classes supported by Online Learning experience. This Blended approach will be a permanent feature even after schools reopen, InshaAllah. Educationists are convinced that students learning will be enhanced using this facility.

Our academic lessons will be integrated with the Khan Academy, Learning Management System (LMS). This LMS, offers practice exercises, assessments and unit tests, instructional videos, and a personalized learning dashboard that empower learners to study at their own pace and outside of the classroom. The subjects covered are as follows: Math, Grammar, science, computing, history, economics, and more, including K-14 and test preparation (SAT, JEE) content.

This is a free LMS and parents are requested not to subscribe to any other online learning tools offered from other companies for Maths or English.

For more details, kindly visit the website www.khanacademy.org
