

“A dream doesn’t become a reality through magic; it takes sweat, determination and hard work” says Colin Powell - former Secretary of the United States.

With a dream of providing holistic development to every child, the school incorporated co-curricular activities in Education to make learning enjoyable. This paved the way for “Inter House Activities” (IHA).

The school student council comprises of 4 houses Safa, Marwa, Hira and Noor depicting the majestic mountains in Makkah. The Prime Objective of these houses is to inculcate a sense of collective responsibility and solidarity, foster team spirit and disseminate healthy competition among the children. Each house is under the charge of House teachers, captains and prefects who shoulder the responsibility through monitorial system and endure a smooth and efficient functioning of the house. The variety of events organized by the school helped in unearthing the talents of the children.

The IHA club is a plethora of excellent opportunities where the child’s creative growth stems out of its shell. Students showcased their talents through Speeches, Debates, Storytelling, Fireless Cookery, News-Reading, Quiz and much more.

Given below is an encapsulation of the multifarious events conducted:
