

DENGUE AWARENESS PROGRAMME

With the aim of combating the deadly disease dengue, to promote and provide a safer and healthier learning environment, **SANA MODEL SCHOOL** organized the two hours session on 11/10/2019. The students of Grade 6 to 9 participated in the programme.

A team of six to eight health officials of poonamallee region visited our school and conducted the programme. The series of videos were projected by them to create awareness about dengue, its spread and prevention.

Medical officer addressed the students on the day to acquaint the students and the teachers about the symptoms, prevention and remedial measures of dengue, thereby encouraging the students to spread awareness about the disease among the masses.

Overall the session was quite interactive and the response by the students was overwhelming. At the end of the session Oath was taken by the students to combat the dengue fever along with the health officials.

The day witnessed students and teachers of the school participating enthusiastically, joining hands against the terror of dengue by preparing the "Nelavembu kashaya" and administering it to all the students of the school from grade 4 to 12. At the end of the session sweets were also distributed to all the students.

Through this programme, major emphasis was laid on preventing the stagnation of water that often becomes the breeding grounds for the mosquitoes carrying dengue, malaria and other diseases.

Heartfelt thanks to the Magnanimous Management, The Principal and the Teachers for successfully conducting the dengue awareness programme.
